

Internship Assignment

Cyber Security and Digital Forensics

Assignment 1: OS Fundamentals

❖ Assignment Overview:

Your assignment involves completing a TryHackMe room. TryHackMe is an interactive platform that offers various cybersecurity challenges and training rooms. This assignment will help you apply the knowledge you've gained and develop problem-solving skills.

❖ Steps to Follow:

1. TryHackMe Registration:

If you haven't already, sign up on TryHackMe using your personal email address.

2. Room Selection:

Access the "TryHackMe Rooms" section and select the rooms mentioned below:

- <https://tryhackme.com/room/linuxfundamentalspart1>
- <https://tryhackme.com/room/linuxfundamentalspart2>
- <https://tryhackme.com/room/linuxfundamentalspart3>
- <https://tryhackme.com/room/windowsfundamentals1xbx>
- <https://tryhackme.com/room/windowsfundamentals2x0x>
- <https://tryhackme.com/room/windowsfundamentals3xzx>

Follow the room's instructions to complete the challenges and tasks.

3. Screenshot:

At the end of each task or challenge within the room, take a screenshot of your completed screen. Ensure that the screenshot captures the entire screen, showing your progress.

4. Mobile Photo:

Using your mobile phone, take a photo of your screen showing your progress within the TryHackMe room. Make sure the photo is clear and readable.

5. Folder Structure:

Create a new folder named "Internship Cyber Security and Digital Forensics assignments" on your Google Drive or preferred cloud storage platform.

6. Sub Folder:

Within the main folder, create a sub folder named "Assignment 1."

7. Screenshots:

Save the screenshots you captured in the "Assignment 1" sub folder.

8. Submission:

Share the link to the "Assignment 1" sub folder with [Your Email Address] by the deadline of August 26, 2023.

Important Notes:

- Ensure the screenshots and mobile photos are clear and legible.
- Follow the folder structure mentioned to organize your assignments.
- Late submissions will not be accepted.

This assignment is designed to help you apply theoretical knowledge in a practical environment. If you face any difficulties or have questions, feel free to reach out for assistance.

Good luck, and we look forward to reviewing your completed assignment!
